

SETH & LIZ

HELLO!

We have lots of love to give and we would be so happy to bring another child home to be a part of our family. Whether or not you choose to be in an open relationship with your baby and our family, this child will always be reminded of the bold, selfless and beautiful love of his or her birthmother.

♥ Seth & Liz

HELLO EXPECTANT MAMA!

We are Seth and Liz! We started dating in the spring of 2015, quickly fell in love, and were married in the fall of 2016. Shortly after being married we discovered that we were unable to have biological children together. Even before we were married we discovered that we both had a desire to adopt children someday.

In 2019 we were blessed with the addition of our first child through the gift of adoption. We could not be more grateful to his birth mother for the great sacrifice she made. What a huge blessing he has been to our entire family and anyone he meets!

We also have a 6-year-old terrier, Whittaker, who is excited to be around any person who visits him and is always up for a good walk or game of fetch. We got our adorable rescue dog from the humane society when he was 1.5 years old. He has been such a joyful addition to our family. He is the best dog when it comes to any human or child! He thinks he is a lap dog (despite his 80 pound body), and enjoys long walks by the creek. He has many friends (his toys) that he likes to tote with him wherever he goes. He is a very handsome dog and acts very proper; he even crosses his front paws when he lies down. It's always fun to come home to him because he is ALWAYS excited to see us!

OUR HOME & OUR FAMILY

Our home is in the middle of a wonderful neighborhood filled with large old trees, kids of all ages, and many great parks within walking distance. We are both close with our families and have 12 nieces and nephews total ranging from 3 to 19 years old! While Seth's family is scattered around Minnesota, with the furthest being 2.5 hours away, Liz's family lives in western South Dakota. It's about a 10-hour drive to see them, but we make it a priority to see both families as much as we are able to!

ALL ABOUT SETH THROUGH LIZ'S EYES

Seth is such a wonderful husband and father! He grew up in small town Minnesota and moved onto bigger cities as he grew up. Seth is hard-working in whatever he puts his mind to; whether it's at his job, doing yard work, or caring for our son, Seth does it with his whole heart. His job involves finding the right people for the right computer jobs, and he is great at it! *We love that Seth gets to work from home, which allows us some great flexibility.* Seth is also a giver... he always wants to bless those around him.

When we were dating and he did not have a car at the time, he would bike 14 miles round trip to visit me almost every night. When he puts his mind to something, he is all in. He is quite the romantic as well, and has spoiled me with beautiful flowers more times than I can remember! *Fun fact: he always wanted a lawn that looked like a baseball field!* So even to this day, he will mow both ways most times to try to get that look.

“SETH IS A VERY STRONG AND LOYAL PERSON.”

ALL ABOUT LIZ THROUGH SETH'S EYES

Liz is the most caring & loving mother and wife that you will find. Add in a wonderful sense of humor and you will find yourself smiling anytime that you are around her. *She has a special place in her heart for babies, and this is reflected in her work as a nurse in the NICU at a hospital.* She enjoys the little things in life that make things extra special – like throwing birthday parties where she goes all out decorating our house and making a specially designed birthday cake. Her family and friends have always been extremely important to her, and quite often, I am reminded that she is the world's best aunt in the eyes of our nieces & nephews. She has a wonderful sense of design and has made our home a very warm and comforting place for not only our family, but also anyone who visits.

“LIZ IS THE MOST CARING & LOVING MOTHER AND WIFE THAT YOU WILL FIND.”

5 THINGS
THAT MAKE
LIZ
HAPPY!

- ★ Baking cakes
- ★ Decorating for parties
- ★ Trying new things (food or experiences)
- ★ Crafting
- ★ Spending time with family and friends

FROM ONE MAMA TO ANOTHER

I spend most of my time working with sick babies as a nurse in the hospital setting. I LOVE MY JOB! I get to help these newborns and their families through some of the scariest times of their lives. I also enjoy baking (especially Christmas cookies), cooking new meals, crafts, scrapbooking and card making. I really enjoy spending quality time with my friends and family, and I especially love playing group games. During cabin getaways you can also find me close to a puzzle! I tend to be pretty outgoing; *I'm usually the first one to volunteer or act something out.* I LIKE TO MAKE PEOPLE LAUGH!

**I WOULD BE HONORED TO BRING YOUR CHILD INTO OUR HOME AND
CHERISH AND LOVE THEM EVERY DAY OF THEIR LIVES.**

OUR LIFE TOGETHER

We are both very involved in our church. That's actually where we met. *We participate in a weekly Christian bible study and volunteer on a monthly basis welcoming people to the services.* We have become good friends with the members of our group and enjoy fun activities such as "murder mystery parties" and making short films. When Seth and I started dating, we bought matching bikes and began to ride around the city. We still enjoy biking to far away places or to check out one of the 10,000 different lakes of the area!

We also enjoy traveling! *We love to go on new adventures together.* On our honeymoon to Aruba, we got to feed flamingos and go off-roading to an old abandoned mine off the coast. We went horseback riding on our one-year anniversary and just recently went zip-lining in Catalina Island.

We have flown out to California to visit family in the desert, stopped by to see my grandmother, and checked out the Golden Gate Bridge. And although we love to see the world together, we also enjoy all of the local attractions such as the Minnesota State Fair (especially the food), Saint Paul Saints baseball, and Minnesota Gopher basketball. We also enjoy concerts and picnics outside. Seth makes sure we have a wood-burning fire in the fireplace at least once a week, which keeps it quite cozy!

We can offer a child a stable home and a life full of love. We are committed to each other in our marriage through whatever this unpredictable life may bring. We are affectionate toward one another and hope to be a healthy example of love and warmth to those around us. *We are church-going Christians who will raise this child in the faith.*

WHAT WE CAN OFFER A CHILD

...A STABLE HOME
AND A LIFE
FULL OF LOVE. ❤️

We were both born into families with several siblings and we would love for our son to share this special bond with a brother or sister. We also have a full extended family and a large group of friends that are all ready to welcome and adore this child. We can't wait to show this child the steadfast, warm love of a family.

THANK YOU!

Although we know first hand the beauty of adoption, we realize it is not an easy choice for any birth mother. Please know that we are praying over your heart as you go through your considerations. We are forever grateful for the selfless choice of adoption and we would be so honored if you chose us to raise your precious child.

Thank you, from the bottom of our hearts, for the consideration.
